

Choice Transfer Applications Information

At this time, the Riverview School District has decided to close new Choice Transfer Applications for families that are not currently wavering into the District. The reason for this decision is overcrowding in our schools. We will reassess Choice Transfers in late August when we verify student enrollment. Out-of-District families that are currently enrolled, should apply now for 2017-2018 Choice Transfer consideration. If you have additional questions, please contact Kim Canady at 425.844.4516
